## BACK ISSUES

The Buzzer is 95 years old. In this section, we mine a back issue for a nugget of Buzzer gold.

**1964** Like this issue, the March 24, 1964 edition of the Buzzer suggested taking transit to discover

British Columbia. The theme of the issue was, "Don't Waste It, Some of the World's Best Scenery Waits for You", and it suggested taking transit beyond Metro Vancouver to discover places like Victoria and the Fraser Valley. Today you can use **m.translink.ca** on your smartphone to learn how TransLink can help you get there!

# Metro Vancouver by transit: Steveston Village

This former home to 16 canneries still has the charm of mariner life. An active fishing port, this village in Richmond is home to the Gulf of Georgia Cannery National Historic Site,

a great living museum of times past. You can also stroll along the picturesque wharf, buy stamps at the historic Steveston Museum, fly a kite

in Gary Point Park, take in a whale watching trip or check out the many shops and restaurants that line the streets.

To get to Steveston Village by transit from Richmond Centre, take the 401 One Road, 402 Two Road, 407 Gilbert

or the 410 Railway (on No. 3 Road) bus route. To bike part way from north of Richmond, take your bike on the Canada Line to Richmond Centre station, ride west on Granville Ave, head south on Railway Avenue to Moncton Street and finally head west to No. 1 Road where you'll find yourself in the heart of Steveston.

## Focus on fare evasion

Internal audits show that four to six per cent of customers in Metro Vancouver don't pay their fares. Lost revenues for TransLink associated with fare evasion were approximately \$18 million in 2010, less than five per cent of the total fare revenue for that year. This is money that could have been better spent providing service to customers.

Not paying to use transit is only one form of fare evasion. Customers who only pay partial fares are also considered fare evaders. For example:

- ✓ Passengers who carry FareSaver tickets but don't validate them
- ✓ Passengers who have a FareCard but haven't scratched their zone off or have scratched off the wrong zone or more than one zone
- ✓ Passengers who have a one-zone or two-zone FareCard but haven't added the additional fare required to travel within or across other zones
- ✓ Passengers who hold a concession FareCard but aren't eligible for concession rates
- ✓ Passengers who hold a U-Pass BC but aren't eligible for one
- ✓ Passengers who hold a U-Pass BC from a school they do not attend

The installation of faregates, which will coincide with Compass card in 2013, is one way that TransLink hopes to curb the number of customers evading fares. Another is the continued fare checks made by Transit Security, Transit Police and SkyTrain attendants including targeting bus routes with high rates of fare evasion. Transit Security will focus on each problem route for four-week periods in 2012. In February, this tactic managed to reduce fare evasion on one route by over three per cent over a one week period.
